

We'll Keep An Eye Out For You

We offer help to our senior citizen customers who may experience occasional payment difficulties. We will make a special effort to contact customers 62 years of age or older before terminating their gas service for non-payment if they are enrolled in our **Senior Notice Program**.

Customers may also assign a **Third Party** - such as a family member, a friend or a clergy member - to be notified prior to any scheduled termination.

This program also is open to customers with special needs, such as those with health difficulties.

To enroll in this notification program, please see the reverse side.
